

A WEE CELEBRATION

The Seed office recently held a small celebration to mark the 65th birthday of Field Manager, Harold Stuart.

Harold has been with the seed business many years, and is normally seen atop his tractor in all weathers, ensuring the seed crops are in tip top condition for our UK and overseas customers.

Harold was presented with several gifts from staff and from the business. The highlight of the occasion was a homemade cake in the shape of his beloved Ford tractor.

Although Harold is now 65, he assures us that he has no intention of retiring, though he may take things a little easier. There is no doubt that he would be an extremely difficult man to replace with his detailed knowledge of the seed growing business.
